

HVAC maintenance
SOLUTIONS

AC Leak Freeze® PRO Series

Quickly and safely extend the life of A/C and refrigerant systems.

PRO nano

- Reliable, safe and polymer-free*
- Leak seeking **nano** particles.

PRO nano

- Magic Frost adds anti-friction lubricant to reduce noise/vibration.
- System runs smoother, more efficient.

PRO UV

- UV adds the ability for a UV light source to detect larger leaks for system assessment.

Safe Delivery Tool

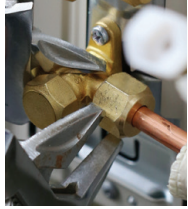

- Copper/brass construction.
- Sealant installs using standard HVAC manifold.

Low Loss Safety Fitting

- Connects to standard 1/4" service ports.

Compatible with UEi HUB4 and HUB6 Pressure Probes

*Non-clogging to compressors, recovery units, schrader valves, cap tubes, TXV valves, micro channels, evacuation equipment and gauges.

MAINTENANCE SOLUTIONS

AC Leak Freeze® PRO

Code	AC Leak Freeze PRO	Qty.
45316	1.46 oz. nano	12
45317	1.46 oz. nano Magic Frost	12
45318	1.46 oz. UV	12

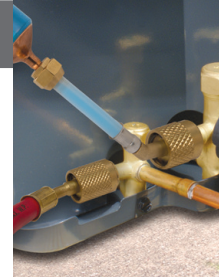

FEATURES

- Single use - disposable
- Polymer free nano formula
- Safe for system
- Ready to use
- Non-flammable
- Non-Toxic
- Compatible with UEi HUB4 and HUB6 pressure probes
- POP packaged

Leak sealant & system enhancer

- APPLICATION** • Revitalizes A/C & refrigeration systems by permanently sealing small, hard-to-find micro gas leaks • Infuses into system through standard 1/4-in service port using an HVAC Manifold
- For use in coils • Non-clogging to compressors, recovery units, schrader valves, cap tubes, TXV valves, micro channels, evacuation equipment and gauges
 - Compatible with all refrigerants
 - **Magic Frost** formula enhances system performance reducing compressor noise and extend compressor life.
 - **UV** formula adds the ability for a UV light source to detect larger leaks for system assessment.

U.S. Patent Pending

AC Leak Freeze® PRO

Code	AC Leak Freeze PRO	Qty.
45309	0.5 oz./15 mL nano Mini-split	12
45308	0.5 oz./15 mL UV Mini-split	12

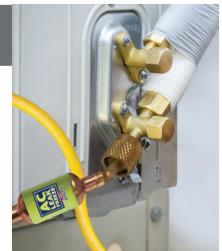

FEATURES

- Single use - disposable
- Polymer free nano formula
- Safe for system
- Ready to use
- Non-flammable
- Compatible with UEi HUB4 and HUB6 pressure probes
- POP packaged

Mini-split system leak sealant

- APPLICATION** • Revitalizes Mini-split A/C systems by permanently sealing small, hard-to-find micro gas leaks • Infuses into system through standard 1/4-in or 5/16-in service port using an HVAC manifold or with proper refrigerant gas container
- For use in copper and aluminum coils • Non-clogging nano formula
 - Compatible with all refrigerants
 - **UV** formula adds the ability for a UV light source to detect larger leaks for system assessment.
 - For use in systems up to 2 tons or 24,000 BTUs

U.S. Patent Pending

⚠ WARNING This product can expose you to chemicals including Lead, which is known to the State of California to cause cancer, birth defects or other reproductive harm. For more information, go to www.P65Warnings.ca.gov
