

A CSW Industrials Company

ANNOUNCEMENT

AC Leak Freeze Pro

Item numbers, **45308, 45309, 45316, 45317, 45318**

Testing has concluded on all variants of the AC Leak Freeze product range to ensure product would not be compromised and that integrity of the products would retain our quality process. The testing conducted was to ensure product life would retain 100% active ingredients over the life of stated products.

RectorSeal are pleased to announce that AC Leak Freeze Pro Nano has now been approved for an extended shelf-life period from 2 year to 4-year shelf life.

This extension will be valid for the Australia / Asian market only. SDS and PDF will be altered to reflect this change valid for these marketplaces.

Whilst this process has taken considerable time, it is our responsibility to ensure that product integrity is not compromised.

For further information please reach out to our support team on 1300 772 878.

Regards,
