

EMBRACO **CONDENSING UNITS**

BUILT FOR AUSTRALIAN HARSH CONDITIONS

**Strong and complete
that the market needs**

embraco
Nidec

About

Developed for harsh Australian conditions, Embraco's new complete condensing units are a robust and reliable line up, rated up to 43°C ambient temperature.

Delivering the high performance the market needs.

Addresses your needs

- Ease of installation
- Designed to work up to 43°C ambient
- Complete capacity range up to 1.5Hp
- Additional features to improve usability

More Features More Complete

Now available with

- Oversized condenser and liquid receiver for high ambient condition
- High quality Embraco compressor
- Robust component brands

Designed around your application

Reach Ins; Undercounters
Prep Tables; Freezers; Cold Rooms

**And more food service,
food retail and hospitality
refrigeration applications.**

Condensing Units

Versions & Features

Embraco offers a **complete range of Condensing Units** along with a **wide variety of components** customized condensing units.

Check the components and features available

Plus	Embraco hermetic compressor
	Large Embraco condenser
	Factory wired single phase fan motors
	Liquid receiver
	HP/LP control
	Sight glass
	Filter dryer
