

## New Products Advice – Flexible Drain Pipe Trap

### *Features of the Mini Trap:*

- ***Prevents insects and creatures getting inside via A/C drain hose***
  - *Stop spiders and cockroaches coming inside*
  - *Stop gecko's getting inside*
  - *Stop spiders and ants making nests in the drain which can cause internal flooding*
- ***Easy to install***
  - *Fits both 14 & 16mm Flexible drain pipe*
  - *Simply fit to the end of the drain and tape or silicone in place*
- ***Easy to Maintain***
  - *Maintenance is easy, simply remove the rubber trap, clean and replace. It's that simple !*
