

Heatcraft's Brand of Choice for Silver Solder

Introducing the enhanced range of SilBRAZE™ brazing products - a family of high quality Cadmium-free brazing and metal joining solders designed to meet the exacting needs of the plumbing, engineering and HVAC&R industries.

SilBRAZE solders are manufactured to the high standards of AS1167.1 and our low-silver alloys are Watermark™ certified, ensuring the highest quality and absolute conformance to industry regulations. Included in the product range are phosphorus copper, silver phosphorus copper and high-silver brazing solders, and also engineering bronzes with the range available in a variety of bare and flux-coated rods, strip, wire, shim, disc and trifoil.

Low Silver Rods				High Silver Rods				Flux-Coated Rods					
Silbraze P	2.5 x 750	5kg	67179	Silbraze 30	1.5 x 750	0.5kg	67394	Silbraze 45 Fluxcoat	1.6 x 500	0.5kg	67404
